**Dear Parents:**

Give your child exciting, wonderful and fun, physical activities. Sign up for the GYMSTERS Motor Development Program **AT YOUR CHILD'S SCHOOL.**

*What will physical education instruction do for my child?*

We introduce over 24 different sports, dozens of physical and social skills, and hundreds of sports concepts and words, including **SIGN LANGUAGE**

we help kids reach major developmental milestones. They learn to jump and land safely, hop, skip, jog fast, jump rope alone, kick moving balls, hit targets, catch and throw, to mention a few.

We Help kids learn the basic skills they'll always need and discover the fun of physical activity.

We help kids who need help. As one parent said, "Thank you for your program. I can't say how much you have helped my son in his self-confidence, balance, and coordination. He enjoys physical activity.

We help kids who love to be physically active. Another parent said, "My daughter has always excelled in sports. Your classes gave her the chance to spend more time doing and improving what she loves."

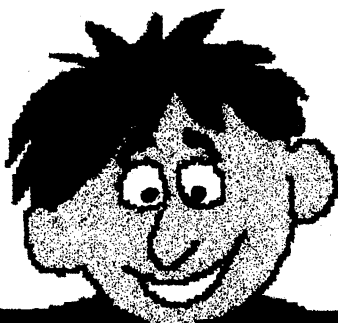

*Why do kids need physical education and fitness instruction?*

Your child will watch over 6000 hours of television by kindergarten. Pediatricians, parents, and educators agree that today's children have less opportunity for physical activity. Have you thought about how much instructional physical activity your child is getting?

Start fitness now for better long-term health. Education means mind AND BODY. Your child will grow every year, but the opportunity for physical education instruction won't.

*We give kids lots to love. That's why parents love us too.* So get your child started right. Get your child started now. Parents of 3000 kids have already enrolled for a low-cost, happy, healthy, active physical education experience.

**Use the attached Registration Form and Sign up Today!**

on-campus classes are held at:

## Kiddie Day Care Boardman

2005-2006 Registration Form

Classes held on Mondays at 9:30 AM  
Cost of Program is \$14.00 per month  
September payment is due immediately!

Monthly payments are due on the first Monday of each month.  
**PROMO:** T-shirts are only \$7.00 during the month of Sept.

**GYMSTERS** is an ongoing program; turn over for cancellation policy

**WHO** Children (18 months-12 years) sign up on this registration form (turn over) to take physical education and motor development classes to develop positive sport and lifetime fitness activities while attending class in a constructive, supportive learning environment.

**WHAT** Since 1980, **GYMSTERS** teachers (who are degreed or supervised in human performance/physical education methodology) bring fitness and sports equipment to your child's school for innovative, challenging, yet noncompetitive on-campus supervised classes.

**WHEN** The information box on this page shows day, time, session length, as well as cost.

**WHERE** Your child's school has designated a special area where **GYMSTERS** children are challenged to develop and enhance their age-appropriate skills, while having heaps of fun!

**WHY** The need for youth activity has never been greater; **GYMSTERS** unique equipment and rotating lessons are the impetus children need to improve fitness, health, aerobics, nutrition, and have educational fun.
